MEMORANDUM FOR THE FILE

E-X-T-R-A-C-T

"2. NSA - [redacted] 25X1
who is the equivalent of Director of Logistics for NSA called upon me for
information as to our techniques and procedures on Logistics services
matters. Jack Coffey accompanied me in the course of the discussion and
after an hour I turned [redacted] of Logistics 25X1
Services for a visit to Agency facilities. It was agreed that a briefing in
depth on Logistics Services problems would be set up by Mr. Blake and
Mr. [redacted] at a date to be suggested by [redacted] 25X1
will call me to set up this time.

[redacted] problems are much the same as ours and range
all the way from emergency power for operation, space allocations and
controls, security of buildings and installations and Logistics services
across the board. I think we can be helpful to him. At the same time I
think a mutual relationship can be very beneficial and he may be of
assistance to us on different subjects."
